Systems that discharge under an NPDES Permit are required to have a service provider that is certified by the manufacturer: Look for your pretreatment system manufacturer's name under certifications. Systems installed after 2006, that are Non-NPDES systems, must have a service provider that is certified by the manufacturer or other approved third party: Look for your pretreatment system manufacturer's name or "Any Non-NPDES System Installed After 2006" under certifications. For systems installed before 2007, choose any registered service provider.

NPDES = National Pollutant Discharge Elimination Systems Permit
